SUMMARY

Mobile Application Engineer with 3+ years building production-grade Android, iOS, and cross-platform apps. Skilled in Kotlin (XML & Jetpack Compose), Kotlin Multiplatform, and Flutter, with 13+ apps shipped to Google Play and the App Store. Experienced in Firebase, REST APIs, AI/ML features, in-app subscriptions, and end-to-end UI/UX implementation.

TECHNICAL SKILLS

Languages: Kotlin, Dart, XML

Frameworks: Jetpack Compose, Kotlin Multiplatform (KMP), Flutter

Backend / Cloud: Firebase (Realtime DB, Firestore, FCM, Auth), REST APIs

Architecture & State: MVVM, ViewModels, Riverpod, GetX, SharedPreferences

Tools & Other: Android Studio, Xcode, GitHub, Play Console, App Store Connect, ML Kit, In-App Purchases, Localization

EXPERIENCE

Mobile Application Engineer — Ozeito Pvt. Ltd.

2022 – Present

- Delivered 13+ production apps across Kotlin/XML, Jetpack Compose, KMP, and Flutter for diverse clients.
- Integrated Firebase (FCM, Realtime DB, Firestore, Auth) and Google Play / App Store in-app purchases.
- Maintained version control on GitHub and collaborated directly with clients on requirements and iteration.

SELECTED PROJECTS

FutureBaby AI Flutter / App Store

AI baby-face predictor with age progression — live on the App Store.

ARVOA — Campus Social App Flutter / Firebase

Campus-scoped feed, friends, real-time chat, and FCM notifications.

Tutor AI Kotlin / ML Kit / AI API

Multi-subject AI chat with document scanning and full localization.

Smart Printer Kotlin / Play Billing

Wireless printing for images, PDFs, contacts; Canvas drawing tools.

Nacelle — Ticket Scanner Flutter / REST

Event ticket management and on-site scanning via REST APIs.

Killer Sudoku Flutter

Daily challenges, global leaderboard, trophies, and stats.

Office Boy App Kotlin / Firebase

Real-time employee notifications with custom ringtones and chat.

Subscription Manager Kotlin · Compose · KMP

Sales tracking with renewal reminders; ported across three stacks.

EDUCATION

BS Computer Science — Government College University, Faisalabad

2022 – 2026

FSc Pre-Engineering — TIPS Group of Colleges

2019 – 2021

PROFILES

Active Google Play developer account · Apple developer account (apps published on iOS & macOS) · All project repos backed up on GitHub
